

We Are RVers Making A Difference During COVID 19

RVers this health crisis has forced us all to modify how we do things. At some point the pandemic will lift and we will return to our offices, schools, businesses, community centers, etc. to a similar yet different version of our previous realities.

Feeling at home in the world once again will happen. But for now, we'll carry on as we have been called to do; Taking care of ourselves and family, then our neighbors.

RVDC has suspend all onsite service activities. However, there is no stopping the service driven heart of the RVing population.

We want to serve. We can serve. We are serving.

There are hundreds of you already engaged in helping others and your communities while practicing the required social distancing and safety measures put in place by our healthcare professionals.

10 Ways We Can Be of Service.

1. Donate canned goods or non perishable items for local food bank
2. Make personal protective masks for front liners
3. Help neighbors with grocery/prescription pick up
4. Teach music or another talent via Skype or Zoom
5. Provide phone or virtual support for neighbors (prayers & encouragement)
6. Patronize local businesses offering essential services)
7. Give blood
8. Help a school with meal distribution
9. Donate to Non-profits
10. Send letters of support to senior facilities

We are a resilient group. **S**trong, **S**mart, **P**roud and **C**ompassionate.

Keep track of the time you are helping others. It matters.

Send me pictures of your activities.

And tell me the innovative ways you have found to safely volunteer.

Let see how many of us we can get to say
We Are RVers Making A Difference During COVID 19
